Pasco County Independent Mobility Fee Study Review Fee Schedule

INDEPENDENT STUDY REVIEW TIMELINE

According to the Pasco County Mobility Fee Ordinance, the County shall charge a review fee for the Independent Study. Pursuant to the Ordinance, the fees charged shall not exceed the actual costs of the review.

Methodology Review - \$1,748 (\$1,520 + 15% County Administration Fee) – Plus (1) see page 5

This includes the initial review of the applicant's submitted methodology including review of proposed study sites, trip-characteristic survey forms/questions, and proposed data collection methodology. If the proposed methodology is not found to be consistent with the County methodology identified in Section 2.3 and cannot be accepted, a letter will be prepared identifying the methodology review findings, including why the methodology was found to be inconsistent with the County methodology guidelines identified in Section 2.3 and not found acceptable to the County. The summary statement will identify what remedial actions are necessary to correct the methodology so that it is acceptable. Once the corrections to the methodology are made, the applicant may resubmit the corrected methodology to ensure that proper changes to the methodology have been made and to seek final approval. If, following the first round of review, the applicant's methodology is found to be unacceptable; the applicant shall be subject to a fee of \$842 (\$732 + 15% County Administration Fee) for each additional round of methodology review.

"Most Similar Land Use" Consultation - \$780 (\$678 + 15% County Administration Fee) – Plus (1) see page 5

If a land use is not included in the adopted fee schedule, or the Appendix A Land Use Cross-Reference Table, a fee payer may request a determination of the "most similar land use" to use as a basis for the fee to be paid. The County will make a determination as an alternative to avoid the need for a fee payer to undertake the independent fee study. Applicant must provide information about the proposed land use, including the nature of the operation, licensing requirements, typical employment, building size, operating shifts and sizes, site service by suppliers' trucks and other service vehicles, market area, hours of operation, etc. The County will use the provided information, and other information at the County's disposal, to establish similarity to a land use already established within the fee schedule.

Study Analysis Review - \$5,492 (\$4,776 + 15% County Administration Fee)

Following the acceptance of the applicant's methodology, a detailed review of the trip-characteristic data will be completed and will include verification of trip lengths and percent new trips through a sample of the trip-characteristic survey data. The reasonableness of the traffic count data will also be reviewed, including verification of manual traffic counts, directional distribution, diurnal pattern, peak-hour consistency and time, analysis of variance between characteristics observed and characteristics of data upon which the County's published fee is based, and recommendations regarding a potential fee adjustment. Following the detailed review, written comments summarizing the review findings and recommendations will be prepared and forwarded to the applicant.

If the study submitted by the applicant is found to be unacceptable following the initial detailed review, written comments summarizing the reasons for this finding will be forwarded to the applicant and/or the applicant's consultant for correction and resubmittal.

Following resubmittal, if the County must reanalyze corrected data, the County shall charge the applicant for this additional work, which will be determined based on a percentage of the surveys required to be re-analyzed. Upon receipt of the re-submittal, the County will notify the applicant as to the additional fee, if applicable, based on the percentage of the analysis required to be reanalyzed and will follow the fee

schedule set forth in the Study Analysis Review. The County must receive payment for services prior to any subsequent reanalysis. The fee schedule for the survey reanalysis is presented in Table B-1 and is calculated by multiplying the Survey Analysis fee (prior to the 15% Administration Fee charged by the County) of \$4,776 by the percentage of the surveys to be reanalyzed.

**Table B-1
Fee Schedule for Survey Reanalysis**

Percent of Data to be Reanalyzed	Base Fee	Administration Fee	Total
10%	\$477.60	\$71.64	\$549.24

Methodology/Study Analysis Appeal

If any portion of the methodology or study analysis is appealed by the applicant, the fee for the involvement of the consultant will be established based on the specific nature of the appeal and will be established as a part of the appeal process.

If the applicant does not agree with the methodology or study analysis, the applicant may request a final determination from the County Administrator or designee, who shall make a final determination.

The decision of the County Administrator or designee may be appealed to the BCC, pursuant to the LDC, Sections 1301.1.I and 407.1.

Optional Services

Additional service meetings, if necessary, will be provided per the schedule below. A 15% County administrative surcharge will be added to these fees, as noted below.

- Survey site visit - \$952 per site (\$828 + 15% County Administration Fee) for sites located within the Tampa Bay region. The fee for a site visit located outside of the Tampa Bay region is \$2,222 (\$1,932 + 15% County Administration Fee)
- Attend staff meeting in the County - \$1,450 (\$1,261 + 15% County Administration Fee)
- Attend public hearing - \$2,086 (\$1,814 + 15% County Administration Fee)

Plat Review

General Notes:

- A. The Base Fee shown is for preliminary plat review, final plat review, permanent reference monument (PRM) inspection and permanent control point (PCP) - Lot corner inspection based on the following:
- Supporting Data Review (as applicable and required, see "B" below)
 - One (1) Preliminary Plat Technical Review (comments generated)
 - One (1) Final Plat Technical Review (comments generated)
 - One (1) PRM Inspection (comments generated)
 - One (1) PCP/Lot Corner Inspection (comments generated)

Plat Review (cont.)

- *The Base Fee includes a cost payable to an outside vendor to convert the AutoCAD plat drawing from the client's layering system to the County's layering system.
- B. Plats submitted with deficient supporting data will be placed on hold for a period of 10 days; during the 10-day hold period should the deficient documentation not be submitted or the plat not picked up by the submitting entity, the preliminary plat package will be deemed incomplete, the plat withdrawn from review, and discarded. The plat review fee will be returned if not previously deposited in the BCC account. The review fee deposit receipt will be sent to the submitting surveyor. To be credited for the plat review fee, the receipt must be retained and attached to the resubmittal plat package or an additional review fee will be charged. The County is not responsible for maintaining an accounting system as to which plats are withdrawn from review and have paid their review fees.
- C. The Additional Fee shown is for each additional PRM reinspection and PCP - Lot Corner reinspection:
- Additional PRM and PCP - Lot Corner reinspections (as necessary, comments generated) \$100 fee for each reinspection
- D. Plats are reviewed for general, technical, statutory and conditional content, and accuracy. Plats are reviewed and compared with the DRC stipulations, Rezoning Petition conditions, Southwest Florida Water Management District (SWFWMD) specific conditions, DRC and/or Development Review Manager-approved construction plans, SWFWMD approved construction plans and Florida Statutes, Chapter 177 Part I (Plat Law). The required boundary survey submitted with the plat must conform to Chapter 61G17-6, Florida Administrative Code, Minimum Technical Standards.
- E. Plat review fees are payable at the time of plat submittal. PRM and PCP - Lot Corner reinspection fees are payable prior to each reinspection.
