**With Sincere Gratitude**

The Sport Federation would like to extend sincere gratitude to **OFFICIALS** across the sport of Roller Skating.

Thank you to those at the club level who organize the practices, order the uniforms, ensure the surface is safe, give instruction, promote new members, fund raise and complete the paperwork for all who wish to participate.

Thank you to the leagues who organize and schedule quietly and accommodate the special requests for significant events and still manage to produce a contest that helps children and adults challenge themselves and stay active.

Thank you to countless volunteers that organize and officiate at regional championships. Few know the hours and hours of time to collect the entries, schedule, pay the venue, order and organize the awards, clarify the rules, explain to supporters the reason for the outcome. Thank you for so much time that many do not even think about. They just know they went to a competition and it went off without a hitch.

Thank you to the national championship teams in each discipline. This involves yearlong planning, entries, paying the bills, organizing a program so competitors and supporters know when and where. It involves officials who study their rules and volunteer their time to ensure that there is fair competition. They tolerate the anger of competitors and remain professional because of the love of the sport and to ensure that athletes have a fair and fun experience that challenge themselves. Without those people on the corners, the referees and stewards, the music and announcers it would just be a contest rather than an event.

Thank you to all who work tirelessly to focus on improving their sport. They look at how things could improve and help others focus on what is doing well and then what can we do to make it better.

Thank you to those who are not afraid to speak up rather than speak out and educate the leadership about what might be their interpretation of what the field needs for the future.
