Due to COVID-19 public participation for this meeting will be held through communications media technology (WebEx), e-mail or through a public comment kiosk located outside the MPO Board Room. MPO Board Room will remain closed to the public.

AGENDA

I. CALL TO ORDER AND INTRODUCTIONS

II. PUBLIC COMMENT

III. APPROVAL OF MEETING MINUTES

A. Approval of Minutes – Meeting of December 2, 2020

IV. REPORT ON MPO BOARD ACTIONS – December 10, 2020

V. ACTION ITEMS

A. Florida Department of Transportation – Transportation Improvement Program – State Transportation improvement Program – Amendment – Two Wildlife Culvert Connections - $11,487,500.

VI. STATUS REPORTS / PRESENTATIONS / UPDATES

A. Florida Department of Transportation (FDOT) – Work Program Update
B. Florida’s Turnpike Enterprise – Work Program Update
C. General Planning Consultant (GPC) Contract Extension – AECOM Agreement
D. General Planning Consultant (GPC) Contract Extension – Tindale-Oliver Agreement
E. Notification of Upcoming Transportation Management Area (TMA) Certification Review
F. Florida Department of Transportation (FDOT) – SR 45 (US41) At SR 54 Feasibility Study Update

VII. CONGESTION MANAGEMENT PROCESS (CMP) TASK FORCE ISSUES

VIII. PASCO COUNTY PUBLIC TRANSPORTATION (PCPT) UPDATES
IX. OTHER BUSINESS - MEETINGS HELD / SCHEDULED / ITEMS OF NOTE

A. CAC Membership Discussion

X. CAC MEMBER ROUNDTABLE / FUTURE AGENDA TOPICS

A. FDOT Follow Up Discussion from CAC meeting on 12/2/2020.

XI. ADJOURNMENT – NEXT MEETING DATE – March 3, 2021 – LOCATION (Dade City - Hybrid Virtual Meeting)

“In accordance with Title VI of the Civil Rights Act of 1964 and other nondiscrimination laws, public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, familial, or income status. It is a priority for the MPO that all citizens of Pasco County are given the opportunity to participate in the transportation planning process including low-income individuals, the elderly persons with disabilities, and persons with limited English proficiency. You may contact the MPO’s Title VI Specialist at (727) 847-8140 if you have any discrimination complaints”.

III. Approval of Minutes – Meeting of November 4, 2020

Marilyn DeChant asked the CAC members if they had any questions, corrections, or comments on the November 4, 2020 CAC meeting. Larry Guilford made a motion to approve the minutes. Sandy Graves seconded. All members’ present voted in favor; motion passed.
IV. REPORT ON MPO BOARD ACTIONS – Meeting of November 12, 2020 Meeting Cancelled

V. ACTION ITEMS

A. AECOM - Vision Zero Phase II – Engage - Educate - $49,957.66

Tina Russo provided an overview of Vision Zero Phase II. She stated On June 13, 2019, the MPO board approved the initial Vision Zero Scope. Subsequently, scope was initiated, the focus of the scope was on a public education outreach effort with media related components such as videos and promotional materials. The initial phase was completed with deliverables on June 30th, 2020. Upon completion of Vision Zero phase one, the second phase was initiated, in order to engage and educate the community, stakeholders and citizens. The second phase, places heavy emphasis on stakeholder coordination, virtual workshops due to Covid-19, and educational materials for development. Upon completion of this scope on June 30th, 2021, the Pasco MPO will evaluate outcomes and data in order to plan accordingly for future Vision Zero related projects. Kasey Cursey provided some highlights and achievements from the Vision Zero Scopes. Discussion followed. Sandy Graves made a motion to approve the minutes. Melonie Monson seconded. All members’ present voted in favor; motion passed.

B. AECOM – Support for UPWP Including In-House Staff and Minor Update to PPP - $48,892.04

Tania Gorman stated that the purpose of this task is for the consultant to assist the MPO’s staffing needs as the MPO’s available staff resources have changed in the past few months. More specifically, this task will involve providing on-site consultant staff to augment MPO staff to complete work elements identified in the Unified Planning Work Program (UPWP). Additionally, there will be a minor update to the Public Participation Plan that will address the changes in outreach processes due to COVID-19 pandemic requirements to stay socially distanced. Melonie Monson made a motion to approve the minutes. Sandy Graves seconded. All members’ present voted in favor; motion passed.

C. Federal Transit Administration – Public Transportation Safety Performance Targets for 2020

Kurt Scheible provided updated Public Transportation Safety Targets for 2020. He stated The Federal Transit Administration (FTA) has established requirements through 49 CFR 673 for Public Transportation Agency Safety Plans (PTASP) and related performance measures as authorized by Moving Ahead for Progress in the 21st Century Act (MAP-21). This rule requires certain operators of public transportation systems that receive federal financial assistance under 49 U.S.C. Chapter 53 to develop and implement PTASP based on a Safety Management Systems (SMS) approach. Development and implementation of agency safety plans will help ensure that public transportation systems are safe nationwide. The attached fact sheet summarizes the requirements of this rule and the responsibilities of Florida’s transit providers and Metropolitan Planning Organizations (MPOs) in implementing the rule. The Public Transportation Safety Targets for 2020 include fatalities, Injuries, Safety Events and System Reliability. Sandy Graves made a motion to approve the minutes. Clint Wynn seconded. All members’ present voted in favor; motion passed.
VI. STATUS REPORTS / PRESENTATIONS / UPDATES

A. Regional Long-Range Transportation Plan Status Update

Tania Gorman, Tina Russo and Jensen Hackett provided a brief overview of the Regional LRTP Pasco projects. They are as follows:

- SR 52 widening from US 41 to Bellamy Brothers Boulevard
- SR 52 extension (Clinton Avenue) to US 98
- US 41 and SR 54 Intersection
- I-75 & Overpass Road Interchange
- I-75 & SR 56 Divergent Diamond Interchange
- US 301 widening from Kossik Road to SR 56
- Suncoast Trail Overpass at SR 54
- Withlacoochee State Trail Extension
- Orange Belt Trail
- Suncoast Parkway II

VII. CONGESTION MANAGEMENT PROCESS (CMP) TASK FORCE ISSUES

Tina Russo posited that she will be engaging the School Safety Traffic Committee regarding comments or concerns from the CAC that are school traffic related. Clint Wynn stated the Fivay High School turn lane East Bound is severely congested during school hours. Discussion followed.

VIII. PASCO COUNTY PUBLIC TRANSPORTATION (PCPT) UPDATES

Kurt Schieble informed the CAC that PCPT will be receiving new Paratransit Software, Ecolane. This Paratransit software will provide accurate traffic update, online application for pick-up and drop, and many other features. Scheduled to be approved by the BOCC on 12/8/2020 and use of the app on 2/1/21. Discussion Followed.

IX. OTHER BUSINESS – MEETINGS HELD / SCHEDULED / ITEMS OF NOTE

A. CAC Membership Discussion

Mark Sophia and Foolami Popoola provides brief descriptions on why they wanted to join CAC. Foolami is a resident of Port Richey and Mark is a resident of New Port Richey. Both gentlemen would like to participate to make their community a better place and become active in the transportation planning process in Pasco County. Sandy Graves made a motion to approve the minutes. Clint Wynn seconded. All members’ present voted in favor; motion passed.

X. CAC MEMBER ROUNTABLE / FUTURE AGENDA TOPICS

A. Tina Russo announced that the Asturia traffic Light will be installed soon, there has been a delay in the poles and the conduits are being installed.
B. Steve Hickman requested if a temporary or permanent traffic lights could be placed on Clinton Rd & Prospect Ave to assist with the congestion while the construction is occurring. Jensen Hackett from FDOT stated that may not be cost prohibitive to put in a signal but he will speak with FDOT staff to address the issue.

C. Larry Gilford stated there is a blind spot in front of Lake Jovita turning East on SR 52.

D. Melonie Monson stated that the traffic light installation at US 301 and pretty Pond Rd has started and those that are commuting that direction should seek another route to assist with congestion.

E. Sandy Graves requested some type of beautification occur to the Pasco side of SR54/US41. Jensen Hackett stated that an appropriation request was submitted for this beautification project, but it was denied. Unfortunately, when an appropriation is denied, the project can’t be addressed by FDOT until the next fiscal year. Despite the circumstance, Mr. Hackett stated he would address the concern.

XI. PUBLIC COMMENT

No members of the public were present.

XII. ADJOURNMENT – NEXT MEETING DATE – January 6, 2021 – New Port Richey - Hybrid Virtual Meeting
Board Members
Jeff Starkey (MPO Chairman, Councilman, City of New Port Richey)
Lance Smith (MPO Vice Chairman, Councilman, City of Zephyrhills)
Camille Hernandez (Mayor, City of Dade City)

ADJOURN

The next meeting will be held in New Port Richey or through Communications Media Technology on Thursday, February 11, 2021.

“In accordance with Title VI of the Civil Rights Act of 1964 and other nondiscrimination laws, public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, familial, or income status. It is a priority for the MPO that all citizens of Pasco County are given the opportunity to participate in the transportation planning process including low-income individuals, the elderly persons with disabilities, and persons with limited English proficiency. You may contact the MPO’s Title VI Specialist at (727) 847-8140 if you have any discrimination complaints.”
AGENDA NO: V-A
DATE: February 6, 2021
COMMITTEE: CAC Advisory Board Members
STAFF: MPO Staff
SUBJECT: Florida Department of Transportation – Transportation Improvement Program – State Transportation Improvement Program – Amendment – Two Wildlife Culvert Connections - $ 11,487,500.
ACTION: Review and Approve

SUMMARY

The Florida Department of Transportation (FDOT) has requested approval of the following TIP amendment to the FY 2020-21 Transportation Improvement Program (TIP) and State Transportation Improvement Program (STIP). Project Name: 256334-4, This amendment is for the addition of two wildlife culverts under SR 52 to connect the Connor Preserve on the southern side of SR 52 to the northern side of SR 52 in the area of Parker Lake. Subsequently, the Right of Way acquisition will begin in 2021.

This proposed amendment will be posted on the MPO’s Website www.pascompo.net under MPO Public Hearings/Notices for comments and input.

RECOMMENDATIONS

CAC to review and approve the TIP amendment

ATTACHMENT(S)

1. TIP amendment Sheet
2. LRTP reference Page
3. Public Hearing Notice
On Thursday, February 12, 2020, the Pasco MPO Metropolitan Planning Organization amended the Transportation Improvement Program that was developed and adopted in compliance with Title 23 and Title 49 in a continuing, cooperative and comprehensive transportation planning process as a condition to the receipt of federal assistance. By signature below, the MPO representative certifies that the TIP amendment was adopted by the MPO Board as documented in the supporting attachments. This amendment will be subsequently incorporated into the MPOs TIP for public disclosure.

The amendment does not adversely impact the air quality conformity or financial constraints of the STIP.

The STIP Amendment is consistent with the Adopted Long Range Transportation Plan. (Page Number:8-26,8-27,8-28)

### STIP amendment criteria:

A - The change adds new individual projects to the current STIP

An air conformity determination must be made by the MPO on amended projects within the non-attainment or maintenance areas

E - The MPO is not in an air quality non-attainment or maintenance area.

### Notes:

STIP Added on: 10/6/2020; By: Jensen Hackett; Of: FI DOT
STIP Note Added on: 10/9/2020; By: Jensen Hackett; Of: FI DOT; Comments: All SL/ACSL/GFSL has been moved to this project. No funds remain in the ROW box because of this (funding source page).
injured or killed. Vehicle emissions pollute the air, and uncontained hazardous materials contaminate groundwater used for drinking water supply.

- **How is the transportation system vulnerable to the environment?** The transportation system also is affected by the environment. Florida is under constant threat of storm surge and high winds from hurricanes and tropical storms from June through November. As a coastal county, Pasco must take extra precautions to ensure that the transportation system can adequately handle the evacuation needs of its residents in the event of a hurricane or other major coastal storm. In addition to major storms, sea-level rise threatens to slowly but surely flood coastal areas. Groundwater movement through the subsurface creates sinkholes that can swallow entire sections of roads. Storms often bring down traffic signs and signals, flood roads, weather away infrastructure, and destroy cultural and historic resources.

### MPO Response to Environmental Coordination

In partnership with local and regional agencies, the Pasco County MPO evaluated the impact of transportation decisions and considered multiple aspects of the natural environment during the development of the MOBILITY 2045 LRTP.

**Pasco County Environmental Protection and Preservation**

Pasco County entered into a Settlement Agreement in August 2000 with various litigants that required modifications to the Comprehensive Plan, including the Conservation Element. Pasco agreed to initiate a study to evaluate the establishment of wildlife corridors between major wellfields and existing public lands in Pasco and adjacent counties, including identification of the most appropriate mechanism for establishing the corridor and protection measures for the corridor. This resulted in the development and identification of two programs for environmental protection based on the 2002 Habitat Study. Incorporation of the locally-identified environmental protection areas are shown on Map 8-4. The 2002 Habitat Study identified unique areas in the county that warrant special consideration because of their ecological significance, classified as Ecological Planning Units (EPUs):

- Coastal Marshes EPU
- Hernando Sandhills EPU
- Pithlachascotee/Anclote Watershed EPU
- Starkey/Hillsborough Linkage EPU
- Crossbar Sandhills EPU
- Cypress Creek EPU
- Hillsborough River EPU
- Withlacoochee River EPU
- Agricultural Reserve Lands

These areas were determined to be representative of the historic biological diversity in the county. Methods for protection and conservation of ecologically significant natural resources within EPUs include acquisition, Comprehensive Plan restrictions, developer incentives, and partnerships with other resource agencies. The Pasco County Comprehensive Plan Conservation Element specifically includes Objective CON 1.5 to address the EPUs.
Map 8-5: Pasco County Environmental Protection Areas
Environmental Land Acquisition and Management Program (ELAMP)

ELAMP was created in July 2004 when Pasco County adopted Referendum No. 04-233. ELAMP is responsible for purchasing environmentally-sensitive lands throughout the county. Funding is provided through a portion of the Penny for Pasco surtax. Partnerships with State and Federal agencies are sought to supplement the Penny funds. Since 2005, approximately 5,000 acres have been acquired under ELAMP (https://www.pascocountyfl.net/3788/ELAMP).

Regional Environmental Consultation Workshop

On June 21, 2019, the Hillsborough, Pinellas, Pasco, and Hernando/Citrus MPOs held a regional workshop to discuss with Federal, State, and Tribal wildlife, land management, and regulatory agencies potential environmental mitigation strategies to include as a part of the LRTP updates. For transportation projects, the LRTP is required to consider potential environmental mitigation activities, ways in which environmental impact from transportation projects can be avoided, minimized, or mitigated.

For highway projects, the LRTP must include a discussion on the types of potential environmental mitigation activities and potential areas to carry out these activities. The environmental mitigation discussion in the LRTP must be developed in consultation with Federal, State and Tribal wildlife, land management, and regulatory agencies. The discussion can be at a system-wide level to identify areas where mitigation may be undertaken and what kinds of mitigation strategies, policies, and/or programs may be used when these environmental areas are affected by projects in the LRTP. This discussion in the LRTP identifies broader environmental mitigation needs and opportunities that individual transportation projects might take advantage of later.

At the workshop, the following questions were posed to workshop participants:

- What policies/programs/activities does your agency currently undertake to mitigate development impacts to the environment?
- What limitations are there for each of these areas?
- Is there no capacity remaining in mitigation banks?
- Is there no consideration for new mitigation banks in the future?
- Is there limited success with certain activities?
- How should critical habitat considerations be addressed to protect wildlife?
- Are you aware of any untapped opportunities to enhance environmental mitigation activities?

Outcomes from this workshop were incorporated into the environmentally-sensitive areas depicted on Map 8-4. These areas were used in prioritizing transportation projects for incorporation into the Cost Affordable LRTP. Successful examples of environmental mitigation were mentioned during the workshop as were additional concepts and opportunities for future efforts. Some items mentioned include:

- Success of the seagrass restoration project with Courtney Campbell Causeway reconstruction
- How critical habitats should be addressed when they are impacted by transportation projects
- Studies available that show how the Tampa Region’s highway projects affect local wildlife, and best ways to mitigate further wildlife impacts
PUBLIC HEARING NOTICE
PROPOSED TRANSPORTATION IMPROVEMENT PROGRAM (TIP) AMENDMENT FOR CONNECTION OF WILDLIFE CULVERTS IN THE PARKER LAKE AREA

The Pasco County Metropolitan Planning Organization (MPO) will hold a public hearing on Thursday, February 11, 2021 at the West Pasco Government Center, 8731 Citizens Drive, New Port Richey, Florida, 34654 at 10:00 a.m., for the purpose of allowing the public to comment on a proposed amendment to the MPO's Fiscal Year 20-21 Transportation Improvement Program (TIP) for Project Name: 256334-4, Connection of Wildlife Culverts in the Parker Lake Area.

This project is for the addition of two wildlife culverts under SR 52 to connect the Connor Preserve on the southern and northern side of SR 52 in the area of Parker Lake. Persons wishing further information or needing a copy of the proposed amendment to the TIP should contact the MPO office at (727) 847-8140 or access www.pascompo.net. Written comments regarding the proposed amendment are welcome and may be e-mailed to mpocomments@pascocountyfl.net or mailed to the MPO office at 8731 Citizens Drive, Suite 320, New Port Richey, Florida 34654-5598. The deadline date for public comments will end on the public hearing date, February 11, 2021.

To obtain bus schedules or further information, contact PCPT at (727) 834-3322 (West Pasco), (352) 521-4587 (East Pasco), or go online at www.ridepcpt.com. Individuals unable to access a PCPT bus to attend the meeting may contact PCPT at least five days prior to the public hearing to find out if they qualify for alternative transportation service.

If you are a person who needs translation services, Pasco County MPO will take reasonable steps, at no cost to you, to allow participation in this proceeding. At least seven days prior to the meeting, please contact the MPO, West Pasco Government Center, 8731 Citizens Drive, New Port Richey, FL 34654-5598, or call (727) 847-8140.

If you are a person with a disability who needs any accommodations in order to participate in this proceeding, you may be entitled to, at no cost to you, the provision of certain assistance.
Within at least five working days of publication of this notice, please contact the Human Resources Department, West Pasco Government Center, 8731 Citizens Drive, New Port Richey, Florida 34654-5598; (727) 847-8030 (V) in New Port Richey, (352) 523-2411, Extension 8030 (V) in Dade City; (813) 996-2411, Extension 8030 (V) in Land O' Lakes; or via (727) 847-8949 if you are hearing impaired.

In accordance with Title VI of the Civil Rights Act of 1964 and other nondiscrimination laws, public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, familial, or income status. It is a priority of the MPO that all citizens of Pasco County are given the opportunity to participate in the transportation planning process including low-income individuals, elderly persons with disabilities, and persons with limited English proficiency. You may contact the MPO's Title VI Specialist at (727) 847-8140 if you have any discrimination complaints.

SUBJECT: Work Program Update
ACTION: Informational

SUMMARY

Mr. Siaosi Fine from Florida’s Turnpike Enterprise will provide a presentation on the Work Program for District Seven.

RECOMMENDATION:

Information

ATTACHMENT(S)

1) Presentation of Tentative Work Program – District Seven
DISTRICT SEVEN PROJECT OVERVIEW

In FY 2021, Florida’s Turnpike Enterprise will contribute $15 million to construct a new interchange on the Suncoast Parkway / SR 589 at Ridge Road (FPN: 258958-1).

Florida’s Turnpike Enterprise continues to make project investments in District Seven. In FY 2022 through FY 2026, Turnpike projects total over $145 million within Hillsborough, Pasco, Hernando, and Citrus Counties.

The following summarizes project phase information that is referenced in subsequent project tables:

<table>

Summary of Major Projects by County

Hillsborough County Projects

Resurface the Veterans Expressway Spur / SR 568 from MP 0 to MP 3  
FPN: 445885-1,-2
The project resurfaces a segment of the Veterans Expressway Spur / SR 568 from MP 0 to MP 3. Work includes milling and resurfacing, guardrail installation, signing, and pavement marking improvements.

Pasco County Projects

Interchange Improvements on the Suncoast Parkway / SR 589 at SR 54 (MP 19)  
FPN: 444486-1
The project improves ramp operations at the SR 54 interchange to address existing issues. The northbound exit ramp will be enhanced with the addition of one left turn lane, one right turn lane, and one deceleration lane. The southbound on-ramp will be enhanced by extending the existing taper style on-ramp into a parallel type entrance.

Summary of Projects
FDOT District Seven

5 – As of December 16, 2020
AGENDA NO: VI-C  
DATE: January 6, 2021  
COMMITTEE: CAC Advisory Board Members  
STAFF: MPO Staff  
SUBJECT: General Planning Consultant (GPC) Contract Extension- AECOM Agreement  
ACTION: Informational

SUMMARY

The MPO utilizes General Planning Consultants (GPC) to perform various Transportation Planning Tasks. The current GPC contract expires in February 2021. This is the last extension of this contract. Subsequently, the Request for Proposals (RFP) will begin in Spring of 2021. Upon conclusion of the RFP process MPO staff will inform the CAC of proposals that were accepted. Currently, the MPO has existing scopes underway that will not be completed by February 2021, it is recommended that the MPO complete the last extension in the AECOM contract for one year to February of 2022.

RECOMMENDATION:

Review GPC Contract Extension with CAC advisory committee members.

ATTACHMENT(S)
SUMMARY

Federal law requires the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) to jointly certify each Transportation Management Area’s (TMA) planning process at least every four years. TMAs are urbanized areas with 200,000 or more in population and the Tampa Bay TMA includes Pasco, Hillsborough and Pinellas MPO’s. FHWA and FTA have scheduled a virtual site visit to the Pasco MPO on January 26, 2021. As a part of the review, a certification process will occur to review the MPO transportation planning processes. During the certification process the public is welcome to provide comments on the transportation planning efforts in Pasco and the Tampa Bay Transportation Management Area. Information will be forthcoming on how to provide feedback during the certification process.

RECOMMENDATION:

Informational

ATTACHMENT(S)

1. MPO 2020 Certification Questions
Written request for information for the Pasco County MPO Certification Review

MPO Organization/Structure

1. Please describe: Organizational changes, Bylaws, Agreements, any changes of the MPO composition to the board policy Board or voting structure. Please include latest version of the MPO’s MOU and any related bylaws and procedures referenced in the MOU.

2. Please also describe the needs for any anticipated changes to the organization, bylaws, agreements, MPO composition or voting structure. (Please provide a copy of organization chart and a summary of staff responsibilities).

3. Does the MPO have a formalize method of a succession plan, such as a standard operating procedure.

4. Documentation designating the urbanized area as a MPO.

5. All MPO agreements defining planning and programming responsibilities with other agencies
   a. Operators of public transit services
   b. State DOT
   c. Local Governments
   d. Staffing
   e. Others (Legal Services, etc.)

Transportation Performance Management

6. Please provide documents you have developed to support TPM; please include any approved MPO Resolutions.

7. Please provide a link to where the TPM are located on the Pasco website

8. Transportation Performance Management (TPM and PBPP)
   - How did the MPO coordinate with its partners and the public for TPM? How are each of these efforts documented? (Are there written provisions for cooperatively developing and sharing information related to transportation performance data, selection of performance targets, reporting of targets, reporting of performance to be used in tracking progress toward attainment of critical outcomes and reporting of data?) Please also identify the MPO’s partners.
   - Have the MPO and local planning partners identified any staffing and/or organizational changes needed to implement TPM? process work?
   - How does/did the MPO set vision, goals objectives and targets to guide TPM and its decision making?
   - What are the MPO’s targets for:
     o Safety
     o Bridge
     o Pavement
     o System Performance
     o Transit Assessment Management Plan (TAM)
   - How does the MPO use performance measures and targets to evaluate the success of your planning process and investment decisions?
   - What barriers and challenges have you overcome or are still striving to overcome to implement a performance-based approach to transportation decision making?
• How did the MPO, State DOT, and public transportation operator:
  o Coordinate performance data?
  o Coordinate the collection of data for the State asset management plan for the NHS?
  o Coordinate the selection of performance targets?
  o Officially select performance targets?
  o Coordinate the reporting of performance targets?
  o Coordinate the reporting of performance achievement?
  o Update the specific written provisions for Performance Based Planning the future?

9. Please provide the link or document for the Final Pasco 2045 LRTP System Performance Report.

Planning Scope and Fiscal Constraint

10. For the most current and approved Transportation Improvement Program (TIP): How does the MPO ensure that the TIP includes all proposed federally and non-federally funded regionally significant transportation projects including intermodal facilities?

11. For the most current copy of Long Range Transportation Plan Final 2045 (LRTP) and the 2045 Technical Memorandum, Financial Forecasts and Existing Plus Committed Projects:
   a. Are projects within the first ten years of the Plan notated or flagged to identify which projects are planned to be implemented with federal funds? 23 CFR 450.324(f) (11) (iii)
   b. For projects beyond the first ten years of the Plan, are the projects clearly labeled as a combined Federal/State funding source? 23 CFR 450.324(f) (11) (iii)

Outreach and Public Participation-Title VI/Nondiscrimination-LEP

12. Who is the PI coordinator? Where is that documented?
13. How are public comments evaluated for significance and whether/how the MPO responds to commenters?
14. Explain how the MPO ensures nondiscrimination in all of its programs, for example PPP or TIP?
15. When was the last time Pasco staff received nondiscrimination training?
16. How does the MPO advise Spanish language LEP of services available in Spanish?
17. How does the MPO ensure that disability service groups or those with disabilities are able to participate in the planning process?
18. Describe the steps the MPO has taken to ensure access to those with disabilities?
19. How has the MPO assisted local governments with their own accessibility planning?

Social Media for Certs – expectations
  a. Does the Pasco MPO have a plan – or documented process – such as in the PPP to save all posts and track “likes”, comments, MPO responses, and shares?
b. Please send an example of the MPO using social media effectively (getting good feedback) on a project or plan. Does the Pasco PPP allow for use of social media to obtain feedback?

c. Please have available at the site visit samples of virtual MPO outreach efforts that the team can review.

20. Please send a complete procurement for services package and resulting contract acquired since the last cert of 2017. (The package should include the advertisement, RFP/RFQ, final contract, etc.).

Unified Planning Work Program (UPWP)

21. How are Federal Funds and expenditures monitored in your organization?
   a. How are the State, public transit agencies and MPO subcommittees involved in UPWP development?
   b. Specifically, how does the MPO collaborate with the transit operator in the development of the funding aspect of the UPWP?

Bicycle and Pedestrian Plan

22. Discuss the selection and prioritization process for bicycle and pedestrian projects.

23. Does the MPO have a Bicycle/Pedestrian Plan? Does the MPO have a dedicated funding for Bike/Ped activities?

Transit

24. Please describe any coordination efforts and/or coordination challenges between the Transit Development Plans and the MPO LRTP and TIP.

25. Please describe how you are working with FDOT and the transit providers to set initial transit safety targets by January 20, 2021 (or not later than 180 days after receipt of the Agency Safety Plan from public transit providers); and by July 20, 2021, specific written provisions for the transit safety measure jointly agreed upon and adopted by the MPO(s), State, and providers of public transportation.

26. What are the MPOs plans for incorporating the transit safety targets and transit safety measures into the LRTP and TIP?

Status of Previous Certification Findings

27. Please provide updated written responses for the 2017 Certification Report recommendations. While these recommendations were not a requirement, FHWA would like to capture the status of these in the upcoming cert report.

Pasco County Vision 54/56 Study

Project Background:

» Pasco MPO approves recommendations by Pasco 54/56 Task Force
» Focus: SR 54/US 41 Intersection Alternatives
US 41/SR 54 Feasibility Study

» Feasibility study of Vision 54/56 improvements at the intersection of US 41 at SR 54

» Evaluating four alternatives
  1. Elevated SR-54 over US-41 (SR-45) + SPUI
  2. Parallel Flow Intersection (PFI)
  3. Elevated SR-54 over US-41 with Continuous Flow Intersection (CFI)
  4. No-Build alternative

» Objective:
  – Evaluate improvements based on traffic operations, safety, costs and impacts
  – Select a Build alternative to carry to PD&E and design
Alternatives

» Alternative 1.
   » US-54 over US-41 + Single Point Urban Interchange (SPUI)
   » = Lanes over US-41

» Alternative 2.
   » Parallel Flow Interchange (PFI)

» Alternative 3.
   » Continuous Flow Intersection (CFI)

» Alternative 4.
   » No-Build
