528.5. **Performance Standards**

Industrial activities shall be in conformance with standards established by the County. Industrial activities shall emit no obnoxious, toxic, or corrosive dust, dirt, fly ash, fumes, vapors, or gases which can cause any damage to human health, to animals or vegetation, or to other forms of property, or which can cause any soiling or staining of persons or property at any point beyond the lot line of the use creating the emission; discharge no smoke of a consistency which will restrict the passage of sunlight beyond the property line; emit any obnoxious odor perceptible beyond the lot boundaries; produce no heat or glare perceptible beyond the lot boundaries; produce no electromagnetic radiation or radioactive emission injurious to human beings, animals, or vegetation (electromagnetic radiation or radioactive emissions shall not be of an intensity that interferes with the use of any other property); discharge of any untreated potentially dangerous effluent from plant operations into local surface or subsurface drainage courses. Any development activities occurring adjacent to existing agricultural uses shall provide adequate buffering against discharges and emissions listed above, generated by the ongoing agricultural use.

528.6. **Storage and Waste Disposal**

- A. All outdoor facilities for fuel, raw materials, and products and all fuel, raw material, and products stored outdoors shall be enclosed by an approved safety fence and visual screen and shall conform to all yard and fencing requirements imposed upon the main building in this district.
- B. No materials or wastes shall be deposited upon a lot in such form or manner that they may be transferred off the lot by normal natural causes or forces, nor shall any substance which can contaminate a stream or watercourse or otherwise render such stream or watercourse undesirable as a source of water supply or recreation, or which will destroy aquatic life, be allowed to enter any stream or watercourse.
- C. All materials or wastes which might cause fumes or dust or which constitute a fire hazard or which may be edible or otherwise attractive to rodents or insects shall be stored outdoors only if enclosed in containers which are adequate to eliminate such hazards.

528.7. **Area and Lot Width Regulations**

- A. Lot Area:
 - 1. If within a platted industrial park: 15,000 square feet.
 - 2. If not within a platted industrial park: 20,000 square feet.
- B. Lot width: 100 feet.

528.8. **Coverage Regulations**

Lot coverage. All buildings, including accessory buildings, shall not cover more than fifty (50) percent of the lot.

528.9. **Yard Regulations**

The following minimum building line setbacks measured from the property lines are required in yard areas listed below unless otherwise specified:

- A. Front: Twenty-five (25) feet.
- B. Side: Fifteen (15) feet each side.
- C. Rear: Minimum of twenty-five (25) feet in depth. Rear yards may be reduced to zero when the rear property line coincides with a railroad siding; however, no trackage shall be located nearer than 400 feet from any residential district.
- D. An open yard of not less than 150 feet in width shall be provided along each I-1 Light Industrial Park District boundary which abuts any district other than agricultural, commercial, or industrial districts. Such open yards shall be in lieu of front, side, or rear yards on that portion of lots which abut district boundaries. The seventy-five (75) feet of such yard nearest the district boundary shall not be used for any processing activity, building, parking, or structure other than fences, walls, drainage facilities, or signs and shall be improved and maintained with a landscaped buffer strip in accordance with this Code. The remaining seventy-five (75) feet of the said open yard shall not be used for processing activities, buildings, or structures other than off-street parking lots for passenger vehicles, fences, or walls.
- E. For internal lots within a platted industrial park:
 - 1. Front: Twenty (20) feet.
 - 2. Side: Five (5) feet each side.
 - 3. Rear: Ten (10) feet.

528.10. **Height Regulations**

The maximum building height shall be four (4) stories or sixty (60) feet, except in an Urban Service Area where there is no maximum building height. For exceptions, see this Code, Chapter 500, Supplemental Regulations.

528.11. **On-Site Parking Regulations**

On-site parking shall be provided in accordance with this Code, Section 907.1.

528.12. **Development Plan**

Development plans shall be submitted in accordance with this Code, Chapter 400.
